I know just how frustrating the life of a Professional Trade Show Performer and Corporate Speaker can be. I, too, have struggled and performed at "dead-end" bookings - always hoping they might lead to more work - while barely making ends meet.

It didn't take me long to realize that I could actually earn more income by performing at a select handful of Trade Shows every year - Much more!

Once I recognized this important discovery, I never looked back... I completely changed my entire booking and marketing approach.

SUBJECT: !fname, Are You Making Every Second Count?

!fname,

The great American President, Abraham Lincoln once said: "Things may come to those who wait... but only the things left by those who hustle!" :)

As a Trade Show and corporate Performer or Speaker, you probably already understand the importance of effective time management, especially when it comes to searching for and selecting your next Performance or Trade Show appearance.

You need to make certain to avoid those "dead-end" bookings that drain your time and energy - not to mention your profit potential!

I've created and perfected an effective new approach of performing at Trade Shows, that even today, no Magician, Mentalist or Performer has been able to effectively duplicate on their own. An absolutely "foolproof" method of ending "dead end" bookings once and for all!

SUBJECT: !fname, Looking to Increase Your Earnings by 500% or More?

!fname,

Over 30 years ago, when I first started as a Trade Show and Corporate Performer, I never realized how difficult it would be to find quality clients and bookings.

That is until I discovered and carefully refined my one-of-a kind successful booking method!

Once I was able to learn how to effectively communicate my client's message I was able to easily reuse my booking method for success over and over - and, with very little effort.

Best of all, I can show anyone how to do the very same things I did... My methods really aren't rocket science. They don't require any special education or any special performance background. Plus, I can show ANYONE how to do it in far less time than it took me - no matter where you are in your Trade Show or Corporate Speaking career.

!first, Don't Just Take My Word for It!

!first,

A few months ago I received some absolutely incredible feedback from one of my students, Richard Steele who is a Professional Magician and Mentalist from Scottsdale, Arizona.

I wanted to share with you his thoughts about my Marketing & Presentation Course.

Richard said:

“Your program is truly different. Not only does this program deliver; but also if you listen and work the information the way that it is intended to be worked, you'll find yourself thinking and moving in directions few are willing to go. As a result you will elevate not only your performance skills to a much higher level, but you will start to gravitate towards the client base most performers could only dream of!”

The fact is, I can show anyone how to do the very same things Richard and I did...

Best of all, I can show ANYONE how to do it in far less time than it took me - no matter where you are in your Trade Show or Corporate Speaking career. My business methods don't require any special education or any special performance background or skill
