

**Are you looking for a serious home-based business that has the potential for earning \$40,000 to \$80,000 per year?**

- Are you willing to learn?
- Are you motivated?
- Are you confident in your management capabilities?
- Are you a self-starter?

If the answer to these questions is “YES”, then the InfoRecordSearch.com Affiliate Program is for you. For a small investment, you can have your own Pre-Employment Screening & Background Checks Company through InfoRecordSearch.com.

InfoRecordSearch.com is a nationwide provider of instant criminal background checks serving large and small businesses with legal, factual and up-to-date information, enabling intelligent decisions and reducing costs via automation.

Affiliates benefit from a national network of researchers for all instant searches and receive a fully operational web-based system, marketing materials, and complete training on how to compete (and win!) in the Pre-Employment screening industry. You can operate this business right out of your home office and potentially make \$40,000 to \$80,000 per year. Other associate programs will provide you with leads and a website – but this is the only program of its kind – a complete turnkey business. BEST OF ALL, you can get started within 30 days after your Affiliate Application is approved! It’s that simple.

This is not a business for the part-timer. You must be a self-starter, have good credit, and have the ability to pay the upfront investment costs. Generally, the upfront costs can range from \$10,000 to \$20,000, depending on your chosen program. We only accept the top Affiliate Applicants. Your level of commitment and how much time you spend building your business will determine your success. Call us at 866-630-5515 or fill out the form to respond.
