Dear Friend,

I've been working in the jewelry business for over 10 years. During this time, I've come to realize a sad yet very true fact: Most Jewelry stores and boutiques are simply taking advantage of the consumer.

On October 7, 2000, I discovered this fact firsthand.

I was working for a prestigious jeweler in New York City. That morning, a young gentleman came into the store to buy his soon to be fiancé an engagement ring. He was so excited when he saw this .75-carat ring that would have been perfect for her. The jeweler quoted him a price of \$2520.46, and the young guy only had \$2000.00. The jeweler looked at him and said those famous words...."I usually don't do this, but for you...\$2000.00 is a deal. The young guy was so happy because he thought he had gotten such a great deal. The reality is the jeweler only paid \$400.00 for the stone and \$150 for the mount!

That day, I decided that the business of scamming people was not for me. Thanks to countless hours of research and building strong relationships with distributors and manufacturers, I learned information that no Jewelry retailer or boutique would ever want you to know - information so powerful it will change the way you purchase jewelry FOREVER.

STOP PAYING THE RIDICULOUS MARK-UPS on Jewelry with this one-of-a-kind information...

Secret to Savings is incredible. I never believed something like this existed. It's a must-have for any jewelry lover.....If you're smart!!

You've no doubt seen these types of marketing claims before - and many times they are misleading. Most of the time, "discounted jewelry" means nothing more than the seller attempting to convince you to get a good deal. In fact, the word "wholesale" seems to have lost much of its meaning. Today, one company's retail is another's "wholesale".

Imagine how many hundreds and thousands of dollars you could save by mastering the trade secrets most professional jewelers hold sacred!

Today you have the unique opportunity to learn insider jewelry trade secrets that are simply not available ANYWHERE! By becoming a Secret to Savings member, you'll save big \$\$\$ and learn the jewelry-buying secrets often only used by the most experienced jewelers and boutique owners.

Now you'll be able to spot the best bargains and consistently find the absolute best deals.

This is a fantastic, power-packed manifesto that you can easily learn and start buying jewelry from anywhere in the world—even in your spare time!

This Program Teaches ONLY THE ABSOLUTE BEST Jewelry Purchasing Secrets.
